## Product Datasheet

### **Recombinant Human Angiotensin-converting enzyme 2 (ACE2), partial, Biotinylated (Active) CSB-MP866317HU-B**

|                          |                                                                                          |
|--------------------------|------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Human Angiotensin-converting enzyme 2 (ACE2), partial, Biotinylated (Active) |
| Artikelnummer            | CSB-MP866317HU-B                                                                         |
| Hersteller Artikelnummer | CSB-MP866317HU-B                                                                         |
| Alternativnummer         | CSB-MP866317HU-B-1, CSB-MP866317HU-B-100, CSB-MP866317HU-B-20                            |
| Hersteller               | Cusabio                                                                                  |
| Kategorie                | Proteine/Peptide                                                                         |
| Molekulargewicht         | 112.6 kDa                                                                                |
| Tag                      | C-terminal mFc-Avi-tagged                                                                |
| UniProt                  | <a href="#">Q9BYF1</a>                                                                   |
| Puffer                   | Lyophilized from a 0.2 µm filtered 20 mM Tris-HCl, 0.5 M NaCl, 6% Trehalose, pH 8.0      |
| Quelle                   | Mammalian cell                                                                           |
| Expression System        | 18-740                                                                                   |
| Reinheit                 | Greater than 90% as determined by SDS-PAGE.                                              |
| Formulierung             | Lyophilized powder                                                                       |

|         |                                                                                                                                                                                                                                                                                 |
