| Hersteller Artikelnummer | CH4-H55D3-500ug                                                                                                                                                                                                                                               |
| Alternativnummer         | ABS-CH4-H55D3-500UG                                                                                                                                                                                                                                           |
| Hersteller               | AcroBiosystems                                                                                                                                                                                                                                                |
| Wirt                     | Insect                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | The muscarinic cholinergic receptors belong to a larger family of G proteincoupled receptors. The functional diversity of these receptors is defined by the binding of acetylcholine and includes cellular responses such as adenylate cyclase inhibition,... |
| Molekulargewicht         | 57.6 kDa                                                                                                                                                                                                                                                      |
| Tag                      | N-Flag & C-10*His                                                                                                                                                                                                                                             |
| NCBI                     | <a href="#">08173</a>                                                                                                                                                                                                                                         |
| Puffer                   | 50 mM HEPES, 150 mM NaCl, DDM, pH7.5, CHS                                                                                                                                                                                                                     |
| Reinheit                 | 90%                                                                                                                                                                                                                                                           |
