## Product Datasheet

### Human FGF R3 (IIIc) / FGF R3C / CD333 Protein, Fc Tag, low endotoxin (MALS verified), Unconjugated ABS-FGC-H5256-1MG

|                          |                                                                                                                                                                                                                                                               |

| Hersteller Artikelnummer | FGC-H5256-1mg                                                                                                                                                                                                                                                 |
| Alternativnummer         | ABS-FGC-H5256-1MG                                                                                                                                                                                                                                             |
| Hersteller               | AcroBiosystems                                                                                                                                                                                                                                                |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Fibroblast growth factor receptors (FGFR) are transmembrane kinase proteins with growing importance in cancer biology given the frequency of molecular alterations and vast interface with multiple other signaling pathways. The FGFR3 gene is at the hum... |
| Molekulargewicht         | 64.6 kDa                                                                                                                                                                                                                                                      |
| Tag                      | C-Fc                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">22607</a>                                                                                                                                                                                                                                         |
| Puffer                   | 50 mM Tris, 100 mM Glycine, 25 mM Arginine, 150 mM NaCl, pH7.5                                                                                                                                                                                                |
| Reinheit                 | 95%                                                                                                                                                                                                                                                           |
