Human IgE Fc Protein, His Tag (MALS verified), Unconjugated ABS-IGE-H52H9-100UG

| | |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname | Human IgE Fc Protein, His Tag (MALS verified), Unconjugated |
| Artikelnummer | ABS-IGE-H52H9-100UG |
| Hersteller Artikelnummer | IGE-H52H9-100ug |
| Alternativnummer | ABS-IGE-H52H9-100UG |
| Hersteller | AcroBiosystems |
| Wirt | Human |
| Kategorie | Proteine/Peptide |
| Spezies Reaktivität | Human |
| Konjugation | Unconjugated |
| Produktbeschreibung | As one of the five designated immunoglobulin isotypes, immunoglobulin E (IgE) plays a major role in atopic conditions by inducing immediate hypersensitivity reactions. IgE also contributes significantly to the bodys immune response to parasitic infec... |
| Molekulargewicht | 37.6 kDa |
| Tag | C-10*His |
| NCBI | 01854 |
| Puffer | PBS, pH7.4 |
| Reinheit | 95% |
| Formulierung | Powder |
