Product Datasheet

Anti-His Tag Antibody, Human IgG1-coupled Magnetic Beads (recommended for MPCLIA), Multiple ABS-MPC-A007-100MG

Artikelname	Anti-His Tag Antibody, Human IgG1-coupled Magnetic Beads (recommended for MPCLIA), Multiple
Artikelnummer	ABS-MPC-A007-100MG
Hersteller Artikelnummer	MPC-A007-100mg
Alternativnummer	ABS-MPC-A007-100MG
Hersteller	AcroBiosystems
Wirt	Multiple
Kategorie	Sonstiges
Spezies Reaktivität	Mouse
Produktbeschreibung	AntiHis Tag Antibody, Human IgG1coupled Magnetic Beads (recommended for MPCLIA) is expressed from Mouse Hybridoma. - Sonstiges...
Formulierung	Powder
Target-Kategorie	His

Anwendungsbeschreibung

The Anti-His Tag-coupled Magnetic Beads is used to capture his Tagged protein or molecules, it can combination with Acridinium ester markers in chemiluminescence technology. The Acridinium ester markers such as Streptavidin-Acridinium ester can capture the biotinylated proteins or molecules, AMG-Acridinium ester can capture mouse antibodies, this allows detection of ligand / acceptor binding assay, antigen/antibody binding assay, or antibody screening.
