## Product Datasheet

### Anti-IL-10/IL10 Antibody, Rabbit, Polyclonal BOB-A00021-4-CARRIER-FREE

|                          |                                                                                                                                       |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-IL-10/IL10 Antibody, Rabbit, Polyclonal                                                                                          |
| Artikelnummer            | BOB-A00021-4-CARRIER-FREE                                                                                                             |
| Hersteller Artikelnummer | A00021-4-carrier-free                                                                                                                 |
| Alternativnummer         | BOB-A00021-4-CARRIER-FREE-100UG                                                                                                       |
| Hersteller               | Boster Bio                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                            |
| Applikation              | ELISA, IHC                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                 |
| Immunogen                | E.coli-derived human IL-10/IL10 recombinant protein (Position: K137-N178).                                                            |
| Produktbeschreibung      | Boster Bio Anti-IL-10/IL10 Antibody Picoband catalog A00021-4. Tested in ELISA, IHC applications. This antibody reacts with Human.... |
| Klonalität               | Polyclonal                                                                                                                            |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                             |
| Molekulargewicht         | Observed Molecular Weight: 19 kDa. Calculated Molecular Weight: 24993 MW                                                              |
| NCBI                     | <a href="#">3586</a>                                                                                                                  |

|                        |                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P22301</a>                                                                                 |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .              |
| Reinheit               | Immunogen affinity purified.                                                                           |
| Formulierung           | Lyophilized                                                                                            |
| Target-Kategorie       | Interleukin-10                                                                                         |
| Application Verdünnung | Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml/ml,<br>Human ELISA, 0.1-0.5 µg/ml/ml, Human |
