| Artikelname              | Anti-C Reactive Protein/Crp Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal                                                                                       |
| Artikelnummer            | BOB-A00249-1-FLUORO594                                                                                                                                                       |
| Hersteller Artikelnummer | A00249-1-Fluoro594                                                                                                                                                           |
| Alternativnummer         | BOB-A00249-1-FLUORO594-100UG                                                                                                                                                 |
| Hersteller               | Boster Bio                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                   |
| Applikation              | FC                                                                                                                                                                           |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                   |
| Immunogen                | E. coli-derived mouse Crp recombinant protein (Position: H20-S225). Mouse Crp shares 71.9% and 72.7% amino acid (aa) sequence identity with human and rat Crp, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                   |
| Molekulargewicht         | Calculated Molecular Weight: 25360 MW                                                                                                                                        |
| NCBI                     | <a href="#">12944</a>                                                                                                                                                        |
| UniProt                  | <a href="#">P14847</a>                                                                                                                                                       |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                                 |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | C-reactive protein                            |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
