| Artikelname              | Anti-BMAL1/ARNTL Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                                            |
| Artikelnummer            | BOB-A00260-1-PE                                                                                                                                                                                 |
| Hersteller Artikelnummer | A00260-1-PE                                                                                                                                                                                     |
| Alternativnummer         | BOB-A00260-1-PE-100UG                                                                                                                                                                           |
| Hersteller               | Boster Bio                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                      |
| Applikation              | FC                                                                                                                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                               |
| Immunogen                | E.coli-derived human BMAL1/ARNTL recombinant protein (Position: H58-D156). Human BMAL1/ARNTL shares 99% and 98% amino acid (aa) sequence identity with mouse and rat BMAL1/ARNTL, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                                      |
| Molekulargewicht         | Calculated Molecular Weight: 68762 MW                                                                                                                                                           |
| NCBI                     | <a href="#">406</a>                                                                                                                                                                             |
| UniProt                  | <a href="#">O00327</a>                                                                                                                                                                          |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                     |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Basic helix-loop-helix ARNT-like protein 1    |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
