| Artikelname              | Anti-NKG2D/KLRK1 Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                              |
| Artikelnummer            | BOB-A00661-1-FLUORO647                                                                                                                                                   |
| Hersteller Artikelnummer | A00661-1-Fluoro647                                                                                                                                                       |
| Alternativnummer         | BOB-A00661-1-FLUORO647-100UG                                                                                                                                             |
| Hersteller               | Boster Bio                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                               |
| Applikation              | FC                                                                                                                                                                       |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                               |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human NKG2D, which shares 76.7% amino acid (aa) sequence identity with both mouse and rat NKG2D. |
| Klonalität               | Polyclonal                                                                                                                                                               |
| NCBI                     | <a href="#">22914</a>                                                                                                                                                    |
| UniProt                  | <a href="#">P26718</a>                                                                                                                                                   |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                             |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                             |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Liquid                                        |
| Target-Kategorie       | NKG2-D type II integral membrane protein      |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
