| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human H-ERG/KCNH2 recombinant protein (Position: N128-L1142).                                                                                                                                                                                 |
| Produktbeschreibung      | Boster Bio Anti-H-ERG/KCNH2 Antibody Picoband catalog A00781-2. Tested in ELISA, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, a... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 150 kDa                                                                                                                                                                                                                           |
| NCBI                     | <a href="#">3757</a>                                                                                                                                                                                                                                         |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q12809</a>                                                                    |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit               | Immunogen affinity purified.                                                              |
| Formulierung           | Lyophilized                                                                               |
| Target-Kategorie       | Voltage-gated inwardly rectifying potassium channel KCNH2                                 |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Mouse, Rat ELISA, 0.1-0.5 µg/ml, -                          |
