| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E. coli-derived human IL-22 recombinant protein (Position: A34-I179). Human IL-22 shares 81.4% amino acid (aa) sequence identity with mouse IL-22.                                                                                                           |
| Produktbeschreibung      | Boster Bio Anti-IL-22/IL22 Antibody Picoband catalog A00963-1. Tested in ELISA, IHC, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinit... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 24 kDa. Calculated Molecular Weight: 20011 MW                                                                                                                                                                                     |

|                        |                                                                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">50616</a>                                                                                                                                      |
| UniProt                | <a href="#">Q9GZX6</a>                                                                                                                                     |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl and 0.2mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                  |
| Reinheit               | Immunogen affinity purified.                                                                                                                               |
| Formulierung           | Lyophilized                                                                                                                                                |
| Target-Kategorie       | Interleukin-22                                                                                                                                             |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human, Mouse, Rat<br>Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml,<br>Human, Mouse ELISA(Cap) , 1-5µg/ml, Human, |
