| Artikelname              | Anti-EIF4EBP1 Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal                                                                                                                     |
| Artikelnummer            | BOB-A00968-1-FLUORO594                                                                                                                                                                       |
| Hersteller Artikelnummer | A00968-1-Fluoro594                                                                                                                                                                           |
| Alternativnummer         | BOB-A00968-1-FLUORO594-100UG                                                                                                                                                                 |
| Hersteller               | Boster Bio                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                   |
| Applikation              | FC                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                            |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human EIF4EBP1, which shares 75% and 81.2% amino acid (aa) sequence identity with mouse and rat EIF4EBP1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                                   |
| NCBI                     | <a href="#">1978</a>                                                                                                                                                                         |
| UniProt                  | <a href="#">Q13541</a>                                                                                                                                                                       |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                  |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                                                 |

|                        |                                                               |
|------------------------|---------------------------------------------------------------|
| Formulierung           | Liquid                                                        |
| Target-Kategorie       | Eukaryotic translation initiation factor 4E-binding protein 1 |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells                 |
