| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human Angiopoietin-like 4/ANGPTL4, which shares 94.7% amino acid (aa) sequence identity with mouse and rat ANGPTL4.                                                                     |
| Produktbeschreibung      | Boster Bio Anti-Angiopoietin-like 4/ANGPTL4 Antibody Picoband catalog A01147-2. Tested in WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| Molekulargewicht       | Observed Molecular Weight: 45 kDa. Calculated Molecular Weight: 45214 MW                  |
| NCBI                   | <a href="#">51129</a>                                                                     |
| UniProt                | <a href="#">Q9BY76</a>                                                                    |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit               | Immunogen affinity purified.                                                              |
| Formulierung           | Lyophilized                                                                               |
| Target-Kategorie       | Angiopoietin-related protein 4                                                            |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml/ml, Human                                                    |
