| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ICC, IF, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human LPO.                                                                                                                                                                           |
| Produktbeschreibung      | Boster Bio Anti-LPO Antibody Picoband catalog A01483-2. Tested in IF, ICC, WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong signals ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 80 kDa. Calculated Molecular Weight: 75679 MW                                                                                                                                                                                     |

|                        |                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">4025</a>                                                                          |
| UniProt                | <a href="#">P22079</a>                                                                        |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .     |
| Reinheit               | Immunogen affinity purified.                                                                  |
| Formulierung           | Lyophilized                                                                                   |
| Target-Kategorie       | Lactoperoxidase                                                                               |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human |
