| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E. coli-derived human Cullin 4a recombinant protein (Position: M494-A759).                                                                                                                                                                                   |
| Produktbeschreibung      | Boster Bio Anti-Cullin 4a/CUL4A Antibody Picoband catalog A01579-1. Tested in ELISA, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinit... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 88 kDa                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">8451</a>                                                                                                                                                                                                                                         |

|                        |                                                                                                                  |
|------------------------|------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q13619</a>                                                                                           |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                     |
| Formulierung           | Lyophilized                                                                                                      |
| Target-Kategorie       | Cullin-4A                                                                                                        |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml ELISA, 0.1-0.5µg/ml                                                                   |
