### Anti-DOCK8 Antibody Picoband HRP Conjugated, Rabbit, Polyclonal BOB-A01771-1-HRP

|                          |                                                                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-DOCK8 Antibody Picoband HRP Conjugated, Rabbit, Polyclonal                                                                                   |
| Artikelnummer            | BOB-A01771-1-HRP                                                                                                                                  |
| Hersteller Artikelnummer | A01771-1-HRP                                                                                                                                      |
| Alternativnummer         | BOB-A01771-1-HRP-100UG                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                        |
| Applikation              | ELISA, IHC, WB                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                 |
| Immunogen                | E.coli-derived human DOCK8 recombinant protein (Position: M1-S2099). Human DOCK8 shares 91.8% amino acid (aa) sequence identity with mouse DOCK8. |
| Klonalität               | Polyclonal                                                                                                                                        |
| Molekulargewicht         | Calculated Molecular Weight: 239 kDa                                                                                                              |
| NCBI                     | <a href="#">81704</a>                                                                                                                             |
| UniProt                  | <a href="#">Q8NF50</a>                                                                                                                            |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> .                                                               |
| Reinheit                 | Immunogen affinity purified.                                                                                                                      |
| Formulierung             | Liquid                                                                                                                                            |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | Dedicator of cytokinesis protein 8                                                                         |
| Application Verdünnung | Western blot, 0.25-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml ELISA, 0.1-0.5µg/ml |
