| Artikelname              | Anti-NMU Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                                                                                              |
| Artikelnummer            | BOB-A01919-1-FLUORO550                                                                                                                                                           |
| Hersteller Artikelnummer | A01919-1-Fluoro550                                                                                                                                                               |
| Alternativnummer         | BOB-A01919-1-FLUORO550-100UG                                                                                                                                                     |
| Hersteller               | Boster Bio                                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                       |
| Applikation              | FC                                                                                                                                                                               |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                       |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human NMU, which shares 64% and 56% amino acid (aa) sequence identity with mouse and rat NMU, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                       |
| NCBI                     | <a href="#">10874</a>                                                                                                                                                            |
| UniProt                  | <a href="#">P48645</a>                                                                                                                                                           |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                      |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                                     |

|                        |                                                                     |
|------------------------|---------------------------------------------------------------------|
| Formulierung           | Liquid                                                              |
| Target-Kategorie       | Neuromedin-U [Cleaved into: Neuromedin precursor-related peptide 36 |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells                       |
