### Anti-Tigit Antibody Picoband HRP Conjugated, Rabbit, Polyclonal BOB-A01962-1-HRP

|                          |                                                                                     |
|--------------------------|-------------------------------------------------------------------------------------|
| Artikelname              | Anti-Tigit Antibody Picoband HRP Conjugated, Rabbit, Polyclonal                     |
| Artikelnummer            | BOB-A01962-1-HRP                                                                    |
| Hersteller Artikelnummer | A01962-1-HRP                                                                        |
| Alternativnummer         | BOB-A01962-1-HRP-100UG                                                              |
| Hersteller               | Boster Bio                                                                          |
| Wirt                     | Rabbit                                                                              |
| Kategorie                | Antikörper                                                                          |
| Applikation              | ELISA, IHC, WB                                                                      |
| Spezies Reaktivität      | Mouse, Rat                                                                          |
| Immunogen                | E.coli-derived mouse Tigit recombinant protein (Position: T29-G249).                |
| Klonalität               | Polyclonal                                                                          |
| Molekulargewicht         | Calculated Molecular Weight: 30570 MW                                               |
| NCBI                     | <a href="#">100043314</a>                                                           |
| UniProt                  | <a href="#">P86176</a>                                                              |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit                 | Immunogen affinity purified.                                                        |
| Formulierung             | Liquid                                                                              |
| Target-Kategorie         | T-cell immunoreceptor with Ig and ITIM domains                                      |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot, 0.25-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml ELISA, 0.1-0.5µg/ml |
|------------------------|------------------------------------------------------------------------------------------------------------|
