| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IF, WB                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human ALAS2/ASB recombinant protein (Position: M1-D190).                                                                                                                                                                                      |
| Produktbeschreibung      | Boster Bio Anti-ALAS2/ASB Antibody Picoband catalog A02525-1. Tested in ELISA, Flow Cytometry, IF, ICC, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior qu... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 65 kDa. Calculated Molecular Weight: 87164 MW                                                                                                                                                                                     |

|                        |                                                                                                                                                                                                    |
