| Artikelname              | Anti-JCHAIN Antibody Picoband FITC Conjugated, Rabbit, Polyclonal                                                                                                                     |
| Artikelnummer            | BOB-A02644-2-FITC                                                                                                                                                                     |
| Hersteller Artikelnummer | A02644-2-FITC                                                                                                                                                                         |
| Alternativnummer         | BOB-A02644-2-FITC-100UG                                                                                                                                                               |
| Hersteller               | Boster Bio                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                            |
| Applikation              | FC                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                     |
| Immunogen                | E.coli-derived human MAPK13 recombinant protein (Position: L328-L365). Human MAPK13 shares 94.7% and 89.5% amino acid (aa) sequence identity with mouse and rat MAPK13, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                            |
| Molekulargewicht         | Calculated Molecular Weight: 52588 MW                                                                                                                                                 |
| NCBI                     | <a href="#">3512</a>                                                                                                                                                                  |
| UniProt                  | <a href="#">P01591</a>                                                                                                                                                                |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                           |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                                          |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Immunoglobulin J chain                        |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
