| Artikelname              | Anti-BAP31/BCAP31 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                                                                          |
| Artikelnummer            | BOB-A03767-4-FLUORO550                                                                                                                                                |
| Hersteller Artikelnummer | A03767-4-Fluoro550                                                                                                                                                    |
| Alternativnummer         | BOB-A03767-4-FLUORO550-100UG                                                                                                                                          |
| Hersteller               | Boster Bio                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                            |
| Applikation              | FC                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                     |
| Immunogen                | E.coli-derived human BAP31/BCAP31 recombinant protein (Position: M1-D242). Human BAP31/BCAP31 shares 91.2% amino acid (aa) sequence identity with mouse BAP31/BCAP31. |
| Klonalität               | Polyclonal                                                                                                                                                            |
| Molekulargewicht         | Calculated Molecular Weight: 28 kDa                                                                                                                                   |
| NCBI                     | <a href="#">10134</a>                                                                                                                                                 |
| UniProt                  | <a href="#">P51572</a>                                                                                                                                                |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                           |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | B-cell receptor-associated protein 31         |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
