| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E. coli-derived human TNFSF18 recombinant protein (Position: F48-S177).                                                                                                                                                                                      |
| Produktbeschreibung      | Boster Bio Anti-TNFSF18 Antibody Picoband catalog A04408-1. Tested in ELISA, IHC, WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong s... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 15 kDa                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">8995</a>                                                                                                                                                                                                                                         |

|                        |                                                                                                                  |
