| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, ICC, IF, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E.coli-derived human ASF1B recombinant protein (Position: M1-I202).                                                                                                                                                                                          |
| Produktbeschreibung      | Boster Bio Anti-ASF1B Antibody Picoband catalog A05211-2. Tested in ELISA, IF, ICC, WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 18 kDa. Calculated Molecular Weight: 39411 MW                                                                                                                                                                                     |
| NCBI                     | <a href="#">55723</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q9NVP2</a>                                                                                                   |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                |
| Reinheit               | Immunogen affinity purified.                                                                                             |
| Formulierung           | Lyophilized                                                                                                              |
| Target-Kategorie       | Histone chaperone ASF1B                                                                                                  |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human ELISA,<br>0.1-0.5 µg/ml, - |
