| Hersteller Artikelnummer | A06825-2                                                                                                                                                                                                                                                     |
| Alternativnummer         | BOB-A06825-2-100UG                                                                                                                                                                                                                                           |
| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, WB                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E.coli-derived human MAD2L1BP recombinant protein (Position: Y20-E274).                                                                                                                                                                                      |
| Produktbeschreibung      | Boster Bio Anti-MAD2L1BP Antibody Picoband catalog A06825-2. Tested in ELISA, WB, Flow Cytometry applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 37 kDa. Calculated Molecular Weight: 104553 MW                                                                                                                                                                                    |

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">9587</a>                                                                                                      |
| UniProt                | <a href="#">Q15013</a>                                                                                                    |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                 |
| Reinheit               | Immunogen affinity purified.                                                                                              |
| Formulierung           | Lyophilized                                                                                                               |
| Target-Kategorie       | AP-2 complex subunit beta                                                                                                 |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human Flow Cytometry (Fixed), 1-3 µg/1x10 <sup>6</sup> cells, Human ELISA, 0.1-0.5 µg/ml, - |
