| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                                                   |
| Immunogen                | E. coli-derived mouse OIF recombinant protein (Position: A20-F298).                                                                                                                                                                                          |
| Produktbeschreibung      | Boster Bio Anti-OIF/Ogn Antibody Picoband catalog A07061-1. Tested in ELISA, WB applications. This antibody reacts with Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong s... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 34 kDa                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">18295</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                  |
|------------------------|------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q62000</a>                                                                                           |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                     |
| Formulierung           | Lyophilized                                                                                                      |
| Target-Kategorie       | Mimecan                                                                                                          |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml ELISA (Cap), 1-5µg/ml                                                                 |
