## Product Datasheet

### Anti-MOBP Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal BOB-A09516-2-FLUORO594

|                          |                                                                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-MOBP Antibody Picoband Fluoro594 Conjugated, Rabbit, Polyclonal                                                                                       |
| Artikelnummer            | BOB-A09516-2-FLUORO594                                                                                                                                     |
| Hersteller Artikelnummer | A09516-2-Fluoro594                                                                                                                                         |
| Alternativnummer         | BOB-A09516-2-FLUORO594-100UG                                                                                                                               |
| Hersteller               | Boster Bio                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | FC                                                                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                          |
| Immunogen                | E.coli-derived human MOBP recombinant protein (Position: Q16-R69). Human MOBP shares 96.2% amino acid (aa) sequence identity with both mouse and rat MOBP. |
| Klonalität               | Polyclonal                                                                                                                                                 |
| NCBI                     | <a href="#">4336</a>                                                                                                                                       |
| UniProt                  | <a href="#">Q13875</a>                                                                                                                                     |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                |
| Reinheit                 | Immunogen affinity purified.                                                                                                                               |

|                        |                                                 |
|------------------------|-------------------------------------------------|
| Formulierung           | Liquid                                          |
| Target-Kategorie       | Myelin-associated oligodendrocyte basic protein |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells   |
