### Anti-ITPRIP Antibody Picoband PE Conjugated, Rabbit, Polyclonal BOB-A11503-1-PE

|                          |                                                                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-ITPRIP Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                       |
| Artikelnummer            | BOB-A11503-1-PE                                                                                                                                       |
| Hersteller Artikelnummer | A11503-1-PE                                                                                                                                           |
| Alternativnummer         | BOB-A11503-1-PE-100UG                                                                                                                                 |
| Hersteller               | Boster Bio                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                            |
| Applikation              | FC                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                     |
| Immunogen                | E.coli-derived human ITPRIP recombinant protein (Position: R161-Q542). Human ITPRIP shares 78.1% amino acid (aa) sequence identity with mouse ITPRIP. |
| Klonalität               | Polyclonal                                                                                                                                            |
| Molekulargewicht         | Calculated Molecular Weight: 52588 MW                                                                                                                 |
| NCBI                     | <a href="#">85450</a>                                                                                                                                 |
| UniProt                  | <a href="#">Q8IWB1</a>                                                                                                                                |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                           |
| Reinheit                 | Immunogen affinity purified.                                                                                                                          |

|                        |                                                           |
|------------------------|-----------------------------------------------------------|
| Formulierung           | Liquid                                                    |
| Target-Kategorie       | Inositol 1,4,5-trisphosphate receptor-interacting protein |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells             |
