| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IHC, WB                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human RNF220 recombinant protein (Position: M1-L566). Human RNF220 shares 97.9% amino acid (aa) sequence identity with mouse RNF220.                                                                                                          |
| Produktbeschreibung      | Boster Bio Anti-RNF220 Antibody Picoband catalog A11818-1. Tested in WB, IHC, ICC/IF, Flow Cytometry, ELISA applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior q... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 63 kDa. Calculated Molecular Weight: 63 kDa                                                                                                                                                                                       |

|                        |                                                                                                                                                                                                                                                                   |
