| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IF, WB                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E.coli-derived human ITPRIPL1 recombinant protein (Position: Q165-H548). Human ITPRIPL1 shares 88.8% and 89% amino acid (aa) sequence identity with mouse and rat ITPRIPL1, respectively.                                                                    |
| Produktbeschreibung      | Boster Bio Anti-ITPRIPL1 Antibody Picoband catalog A17509-2. Tested in ELISA, IF, ICC, WB, Flow Cytometry applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high a... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 70 kDa. Calculated Molecular Weight: 52588 MW                                                                                                                                                                                     |

|                        |                                                                                                                                                                                        |
