| Artikelname              | Anti-PARP/PARP1 Picoband Antibody (monoclonal, 10G9) PE Conjugated, Clone: [Clone: 10G9], Mouse, Monoclonal                                                                 |
| Artikelnummer            | BOB-M00122-6-PE                                                                                                                                                             |
| Hersteller Artikelnummer | M00122-6-PE                                                                                                                                                                 |
| Alternativnummer         | BOB-M00122-6-PE-100UG                                                                                                                                                       |
| Hersteller               | Boster Bio                                                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                  |
| Applikation              | FC                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                           |
| Immunogen                | E.coli-derived human PARP recombinant protein (Position: Q670-R858). Human PARP shares 94% and 95% amino acid (aa) sequence identity with mouse and rat PARP, respectively. |
| Klonalität               | Monoclonal                                                                                                                                                                  |
| Klon-Bezeichnung         | [Clone: 10G9]                                                                                                                                                               |
| NCBI                     | <a href="#">142</a>                                                                                                                                                         |
| UniProt                  | <a href="#">P09874</a>                                                                                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                 |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Poly [ADP-ribose] polymerase 1                |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
