| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | IF, IHC, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                 |
| Immunogen                | E.coli-derived human CD147/Emmprin recombinant protein (Position: E138-A323). Human CD147/Emmprin shares 51.1% and 51.9% amino acid (aa) sequence identity with mouse and rat CD147/Emmprin, respectively.                                                   |
| Produktbeschreibung      | Boster Bio Anti-CD147/Emmprin Antibody Picoband (monoclonal, 6H2B2) catalog M00248-6. Tested in IF, IHC, WB applications. This antibody reacts with Human, Mouse. The brand Picoband indicates this is a premium antibody that guarantees superior qualit... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [Clone: 6H2B2]                                                                                                                                      |
| Molekulargewicht       | Observed Molecular Weight: 35-60 kDa                                                                                                                |
| NCBI                   | <a href="#">682</a>                                                                                                                                 |
| UniProt                | <a href="#">P35613</a>                                                                                                                              |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl and 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                                        |
| Reinheit               | Immunogen affinity purified.                                                                                                                        |
| Formulierung           | Lyophilized                                                                                                                                         |
| Target-Kategorie       | Basigin                                                                                                                                             |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml, Human, Mouse<br>Immunocytochemistry, 5 µg/ml, Human |
