## Product Datasheet

### **Anti-KPNB1 Antibody Picoband (monoclonal, 3I11F2) PE Conjugated, Clone: [Clone: 3I11F2], Mouse, Monoclonal BOB-M01851-2-PE**

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-KPNB1 Antibody Picoband (monoclonal, 3I11F2) PE Conjugated, Clone: [Clone: 3I11F2], Mouse, Monoclonal |
| Artikelnummer            | BOB-M01851-2-PE                                                                                            |
| Hersteller Artikelnummer | M01851-2-PE                                                                                                |
| Alternativnummer         | BOB-M01851-2-PE-100UG                                                                                      |
| Hersteller               | Boster Bio                                                                                                 |
| Wirt                     | Mouse                                                                                                      |
| Kategorie                | Antikörper                                                                                                 |
| Applikation              | FC                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                          |
| Immunogen                | E.coli-derived human KPNB1 recombinant protein (Position: E8-A876).                                        |
| Klonalität               | Monoclonal                                                                                                 |
| Klon-Bezeichnung         | [Clone: 3I11F2]                                                                                            |
| Molekulargewicht         | Calculated Molecular Weight: 97 kDa                                                                        |
| NCBI                     | <a href="#">3837</a>                                                                                       |
| UniProt                  | <a href="#">Q14974</a>                                                                                     |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                 |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Importin subunit beta-1                                                                                      |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells                                                                |
