| Alternativnummer         | BOB-M02032-100UL                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                    |
| Applikation              | WB                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                         |
| Immunogen                | A synthesized peptide derived from human SPOP                                                                                 |
| Produktbeschreibung      | Boster Bio Anti-SPOP Rabbit Monoclonal Antibody catalog M02032. Tested in WB application. This antibody reacts with Human.... |
| Klonalität               | Monoclonal                                                                                                                    |
| Konzentration            | 0.5mg/ml                                                                                                                      |
| Klon-Bezeichnung         | [Clone: 22S18]                                                                                                                |
| Molekulargewicht         | Observed Molecular Weight: 42 kDa. Calculated Molecular Weight: 42051 MW                                                      |
| NCBI                     | <a href="#">8405</a>                                                                                                          |
| UniProt                  | <a href="#">O43791</a>                                                                                                        |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Reinheit               | Affinity-chromatography                                                                                             |
| Formulierung           | Liquid                                                                                                              |
| Target-Kategorie       | Speckle-type POZ protein                                                                                            |
| Application Verdünnung | WB 1:500-2000                                                                                                       |
