| Alternativnummer         | BOB-M02416-1-100UL                                                                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                      |
| Applikation              | FC, ICC, IF, IHC, IP, WB                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                           |
| Immunogen                | A synthesized peptide derived from human Cytokeratin 7                                                                                                                          |
| Produktbeschreibung      | Boster Bio Anti-Cytokeratin 7 KRT7 Rabbit Monoclonal Antibody catalog M02416-1. Tested in WB, IHC, ICC/IF, IP, Flow Cytometry applications. This antibody reacts with Human.... |
| Klonalität               | Monoclonal                                                                                                                                                                      |
| Konzentration            | 0.5mg/ml                                                                                                                                                                        |
| Klon-Bezeichnung         | [Clone: EBC-11]                                                                                                                                                                 |
| Molekulargewicht         | Observed Molecular Weight: 40 kDa. Calculated Molecular Weight: 51386 MW                                                                                                        |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">3855</a>                                                                                                |
| UniProt                | <a href="#">P08729</a>                                                                                              |
| Puffer                 | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Reinheit               | Affinity-chromatography                                                                                             |
| Formulierung           | Liquid                                                                                                              |
| Target-Kategorie       | Keratin, type II cytoskeletal 7                                                                                     |
| Application Verdünnung | WB 1:5000-1:10000IHC 1:50-1:200ICC/IF 1:50-1:200IP 1:20FC 1:50                                                      |
