## Product Datasheet

### **Anti-Calnexin/CANX Antibody Picoband (monoclonal, 8D10B3) Biotin Conjugated, Clone: [Clone: 8D10B3], Mouse, Monoclonal BOB-M03372-2-BIOTIN**

|                          |                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-Calnexin/CANX Antibody Picoband (monoclonal, 8D10B3) Biotin Conjugated, Clone: [Clone: 8D10B3], Mouse, Monoclonal |
| Artikelnummer            | BOB-M03372-2-BIOTIN                                                                                                    |
| Hersteller Artikelnummer | M03372-2-Biotin                                                                                                        |
| Alternativnummer         | BOB-M03372-2-BIOTIN-100UG                                                                                              |
| Hersteller               | Boster Bio                                                                                                             |
| Wirt                     | Mouse                                                                                                                  |
| Kategorie                | Antikörper                                                                                                             |
| Applikation              | ELISA, IHC, WB                                                                                                         |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                      |
| Immunogen                | E.coli-derived human Calnexin/CANX recombinant protein (Position: E68-R582).                                           |
| Klonalität               | Monoclonal                                                                                                             |
| Klon-Bezeichnung         | [Clone: 8D10B3]                                                                                                        |
| NCBI                     | <a href="#">821</a>                                                                                                    |
| UniProt                  | <a href="#">P27824</a>                                                                                                 |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .            |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                                                               |
| Formulierung           | Liquid                                                                                                     |
| Target-Kategorie       | Calnexin                                                                                                   |
| Application Verdünnung | Western blot, 0.25-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml ELISA, 0.1-0.5µg/ml |
