| Hersteller               | Boster Bio                                                                                                                      |
| Wirt                     | Mouse                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                      |
| Applikation              | IHC, WB                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                           |
| Immunogen                | Full length human recombinant protein of human NAGA (NP_000253) produced in HEK293T cell.                                       |
| Produktbeschreibung      | Boster Bio NAGA mouse monoclonal antibody, clone OTI3A4. Catalog M04163. Tested in IHC, WB. This antibody reacts with Human.... |
| Klonalität               | Monoclonal                                                                                                                      |
| Konzentration            | 1 mg/ml                                                                                                                         |
| Klon-Bezeichnung         | [Clone: OTI3A4]                                                                                                                 |
| Isotyp                   | IgG1                                                                                                                            |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| UniProt                | <a href="#">P17050</a>                                               |
| Puffer                 | PBS (PH 7.3) containing 1% BSA, 50% glycerol and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500IHC 1:500                                                    |
