| Artikelname              | Anti-COPE Antibody Picoband (monoclonal, 9B6) Fluoro550 Conjugated, Clone: [Clone: 9B6], Mouse, Monoclonal                                      |
| Artikelnummer            | BOB-M04544-FLUORO550                                                                                                                            |
| Hersteller Artikelnummer | M04544-Fluoro550                                                                                                                                |
| Alternativnummer         | BOB-M04544-FLUORO550-100UG                                                                                                                      |
| Hersteller               | Boster Bio                                                                                                                                      |
| Wirt                     | Mouse                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                      |
| Applikation              | FC                                                                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                               |
| Immunogen                | E. coli-derived human COPE recombinant protein (Position: E80-A308). Human COPE shares 89.5% amino acid (aa) sequence identity with mouse COPE. |
| Klonalität               | Monoclonal                                                                                                                                      |
| Klon-Bezeichnung         | [Clone: 9B6]                                                                                                                                    |
| NCBI                     | <a href="#">11316</a>                                                                                                                           |
| UniProt                  | <a href="#">O14579</a>                                                                                                                          |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                     |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Coatomer subunit epsilon                      |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
