| Hersteller Artikelnummer | M04653                                                                                                                                                                |
| Alternativnummer         | BOB-M04653-100UL                                                                                                                                                      |
| Hersteller               | Boster Bio                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                            |
| Applikation              | WB                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                     |
| Immunogen                | A synthesized peptide derived from human Activin Receptor Type IIB                                                                                                    |
| Produktbeschreibung      | Boster Bio Anti-Activin Receptor Type IIB/ACVR2B Rabbit Monoclonal Antibody catalog M04653. Tested in WB application. This antibody reacts with Human, Mouse, Rat.... |
| Klonalität               | Monoclonal                                                                                                                                                            |
| Konzentration            | 0.5mg/ml                                                                                                                                                              |
| Klon-Bezeichnung         | [Clone: 22A31]                                                                                                                                                        |
| Molekulargewicht         | Observed Molecular Weight: 65 kDa. Calculated Molecular Weight: 24390 MW                                                                                              |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">93</a>                                                                                                  |
| UniProt                | <a href="#">Q13705</a>                                                                                              |
| Puffer                 | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Reinheit               | Affinity-chromatography                                                                                             |
| Formulierung           | Liquid                                                                                                              |
| Target-Kategorie       | T-cell surface glycoprotein CD3 zeta chain                                                                          |
| Application Verdünnung | WB 1:500-2000                                                                                                       |
