| Artikelname              | Anti-HEXO (ERI1) Mouse Monoclonal Antibody [Clone ID: OTI1B3], IgG2b, Clone: [Clone: OTI1B3]                                                                |
| Artikelnummer            | BOB-M07945                                                                                                                                                  |
| Hersteller Artikelnummer | M07945                                                                                                                                                      |
| Alternativnummer         | BOB-M07945-100UL                                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                  |
| Applikation              | IHC, WB                                                                                                                                                     |
| Spezies Reaktivität      | Human, Monkey, Rat                                                                                                                                          |
| Immunogen                | Full length human recombinant protein of human ERI1 (NP_699163) produced in HEK293T cell.                                                                   |
| Produktbeschreibung      | Boster Bio ERI1 mouse monoclonal antibody, clone OTI1B3 (formerly 1B3). Catalog M07945. Tested in IHC, WB. This antibody reacts with Human, Monkey, Rat.... |
| Klonalität               | Monoclonal                                                                                                                                                  |
| Konzentration            | 1.1 mg/ml                                                                                                                                                   |
| Klon-Bezeichnung         | [Clone: OTI1B3]                                                                                                                                             |
| Isotyp                   | IgG2b                                                                                                                                                       |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| UniProt                | <a href="#">Q8IV48</a>                                               |
| Puffer                 | PBS (PH 7.3) containing 1% BSA, 50% glycerol and 0.02% sodium azide. |
| Application Verdünnung | WB: 1:500~2000IHC: 1:150                                             |
