## Product Datasheet

### **Anti-Alkaline Phosphatase/ALPL Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal BOB-PA1004-2-FLUORO488**

|                          |                                                                                                                                                                           |

| Alternativnummer         | BOB-PA1004-2-FLUORO488-100UG                                                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                                |
| Applikation              | FC                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                     |
| Immunogen                | A synthetic peptide corresponding to a sequence at the N-terminus of human Alkaline Phosphatase, different from the related mouse and rat sequences by three amino acids. |
| Klonalität               | Polyclonal                                                                                                                                                                |
| Molekulargewicht         | Calculated Molecular Weight: 57305 MW                                                                                                                                     |
| NCBI                     | <a href="#">249</a>                                                                                                                                                       |
| UniProt                  | <a href="#">P05186</a>                                                                                                                                                    |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                               |

|                        |                                                  |
|------------------------|--------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                     |
| Formulierung           | Liquid                                           |
| Target-Kategorie       | Alkaline phosphatase, tissue-nonspecific isozyme |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells    |
