## Product Datasheet

### **Anti-C-C chemokine receptor type 5 CCR5 Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal BOB-PA1016-1-FLUORO647**

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-C-C chemokine receptor type 5 CCR5 Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal          |
| Artikelnummer            | BOB-PA1016-1-FLUORO647                                                                                      |
| Hersteller Artikelnummer | PA1016-1-Fluoro647                                                                                          |
| Alternativnummer         | BOB-PA1016-1-FLUORO647-100UG                                                                                |
| Hersteller               | Boster Bio                                                                                                  |
| Wirt                     | Rabbit                                                                                                      |
| Kategorie                | Antikörper                                                                                                  |
| Applikation              | FC                                                                                                          |
| Spezies Reaktivität      | Human                                                                                                       |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human CCR5.                         |
| Klonalität               | Polyclonal                                                                                                  |
| Molekulargewicht         | Calculated Molecular Weight: 40524 MW                                                                       |
| NCBI                     | <a href="#">1234</a>                                                                                        |
| UniProt                  | <a href="#">P51681</a>                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | C-C chemokine receptor type 5                 |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
