## Product Datasheet

### **Anti-C-C chemokine receptor type 4 CCR4 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal BOB-PA1517-FLUORO550**

|                          |                                                                                                                            |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-C-C chemokine receptor type 4 CCR4 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                         |
| Artikelnummer            | BOB-PA1517-FLUORO550                                                                                                       |
| Hersteller Artikelnummer | PA1517-Fluoro550                                                                                                           |
| Alternativnummer         | BOB-PA1517-FLUORO550-100UG                                                                                                 |
| Hersteller               | Boster Bio                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                 |
| Applikation              | FC                                                                                                                         |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                 |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of mouse CCR4, identical to the related rat sequence. |
| Klonalität               | Polyclonal                                                                                                                 |
| Molekulargewicht         | Calculated Molecular Weight: 41408 MW                                                                                      |
| NCBI                     | <a href="#">12773</a>                                                                                                      |
| UniProt                  | <a href="#">P51680</a>                                                                                                     |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | C-C chemokine receptor type 4                 |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
