| Artikelname              | Anti-Insulin receptor substrate 1 IRS1 Antibody Picoband FITC<br>Conjugated, Rabbit, Polyclonal                                                                                          |
| Artikelnummer            | BOB-PA2269-FITC                                                                                                                                                                          |
| Hersteller Artikelnummer | PA2269-FITC                                                                                                                                                                              |
| Alternativnummer         | BOB-PA2269-FITC-100UG                                                                                                                                                                    |
| Hersteller               | Boster Bio                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                                               |
| Applikation              | FC                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                        |
| Immunogen                | A synthetic peptide corresponding to a sequence at the N-terminus of mouse IRS1, identical to the related rat sequence, and different from the related human sequence by one amino acid. |
| Klonalität               | Polyclonal                                                                                                                                                                               |
| Molekulargewicht         | Calculated Molecular Weight: 130723 MW                                                                                                                                                   |
| NCBI                     | <a href="#">3667</a>                                                                                                                                                                     |
| UniProt                  | <a href="#">P35569</a>                                                                                                                                                                   |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                              |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Insulin receptor substrate 1                  |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
