| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E. coli-derived human VNN1 recombinant protein (Position: Q22-K192). Human VNN1 shares 82.2% amino acid (aa) sequence identity with mouse VNN1.                                                                                                              |
| Produktbeschreibung      | Boster Bio Anti-VNN1 Antibody Picoband catalog PB10106. Tested in WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong signals with mini... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 57 kDa. Calculated Molecular Weight: 57012 MW                                                                                                                                                                                     |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">8876</a>                                                                                       |
| UniProt                | <a href="#">O95497</a>                                                                                     |
| Puffer                 | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                               |
| Formulierung           | Lyophilized                                                                                                |
| Target-Kategorie       | Pantetheinase                                                                                              |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human                                                                          |
