| Artikelname              | Anti-CNTF Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                              |
| Artikelnummer            | BOB-PB9012-PE                                                                                                                                                              |
| Hersteller Artikelnummer | PB9012-PE                                                                                                                                                                  |
| Alternativnummer         | BOB-PB9012-PE-100UG                                                                                                                                                        |
| Hersteller               | Boster Bio                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                 |
| Applikation              | FC                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                      |
| Immunogen                | E.coli-derived human CNTF recombinant protein (Position: A2-M200). Human CNTF shares 83% and 84% amino acid (aa) sequences identity with mouse and rat CNTF, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                 |
| Molekulargewicht         | Calculated Molecular Weight: 22931 MW                                                                                                                                      |
| NCBI                     | <a href="#">1270</a>                                                                                                                                                       |
| UniProt                  | <a href="#">P26441</a>                                                                                                                                                     |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                               |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Ciliary neurotrophic factor                   |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
