| Artikelname              | Anti-Cathepsin D/CTSD Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                      |
| Artikelnummer            | BOB-PB9047-PE                                                                                                                                                                  |
| Hersteller Artikelnummer | PB9047-PE                                                                                                                                                                      |
| Alternativnummer         | BOB-PB9047-PE-100UG                                                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                     |
| Applikation              | FC                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                          |
| Immunogen                | E.coli-derived human Cathepsin D recombinant protein (Position: G65-L412). Human Cathepsin D shares 85% amino acid (aa) sequence identity with both mouse and rat Cathepsin D. |
| Klonalität               | Polyclonal                                                                                                                                                                     |
| Molekulargewicht         | Calculated Molecular Weight: 44552 MW                                                                                                                                          |
| NCBI                     | <a href="#">1509</a>                                                                                                                                                           |
| UniProt                  | <a href="#">P07339</a>                                                                                                                                                         |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                    |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Cathepsin D                                   |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
