| Artikelname              | Anti-CNTF Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                                                      |
| Artikelnummer            | BOB-PB9067-FLUORO488                                                                                                                                                      |
| Hersteller Artikelnummer | PB9067-Fluoro488                                                                                                                                                          |
| Alternativnummer         | BOB-PB9067-FLUORO488-100UG                                                                                                                                                |
| Hersteller               | Boster Bio                                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                                |
| Applikation              | FC                                                                                                                                                                        |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                |
| Immunogen                | E. coli-derived rat CNTF recombinant protein (Position: A2-M200). Rat CNTF shares 84% and 95% amino acid (aa) sequences identity with human and mouse CNTF, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                |
| Molekulargewicht         | Calculated Molecular Weight: 22854 MW                                                                                                                                     |
| NCBI                     | <a href="#">25707</a>                                                                                                                                                     |
| UniProt                  | <a href="#">P20294</a>                                                                                                                                                    |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                               |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Ciliary neurotrophic factor                   |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
