| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Rat                                                                                                                                                                                                                                                   |
| Immunogen                | E.coli-derived human AP2 alpha recombinant protein (Position: M1-G166). Human AP2 alpha shares 98% amino acid (aa) sequence identity with both mouse and rat AP2 alpha.                                                                                      |
| Produktbeschreibung      | Boster Bio Anti-AP2 alpha/TFAP2A Antibody Picoband catalog PB9118. Tested in WB applications. This antibody reacts with Human, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong S... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | Observed Molecular Weight: 48 kDa. Calculated Molecular Weight: 48062 MW                                   |
| NCBI                   | <a href="#">7020</a>                                                                                       |
| UniProt                | <a href="#">P05549</a>                                                                                     |
| Puffer                 | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                               |
| Formulierung           | Lyophilized                                                                                                |
| Target-Kategorie       | Transcription factor AP-2-alpha                                                                            |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human, Rat                                                                     |
