| Artikelname              | Anti-Glucocorticoid Receptor/NR3C1 Antibody Picoband FITC Conjugated, Rabbit, Polyclonal                                                                                      |
| Artikelnummer            | BOB-PB9232-FITC                                                                                                                                                               |
| Hersteller Artikelnummer | PB9232-FITC                                                                                                                                                                   |
| Alternativnummer         | BOB-PB9232-FITC-100UG                                                                                                                                                         |
| Hersteller               | Boster Bio                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                    |
| Applikation              | FC                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                         |
| Immunogen                | E.coli-derived human NR3C1 recombinant protein (Position: M1-D373). Human NR3C1 shares 85% and 82% amino acid (aa) sequences identity with mouse and rat NR3C1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                    |
| Molekulargewicht         | Calculated Molecular Weight: 85659 MW                                                                                                                                         |
| NCBI                     | <a href="#">2908</a>                                                                                                                                                          |
| UniProt                  | <a href="#">P04150</a>                                                                                                                                                        |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                   |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Immunogen affinity purified.                  |
| Formulierung           | Liquid                                        |
| Target-Kategorie       | Glucocorticoid receptor                       |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
