| Alternativnummer         | BOB-PROTP10923-10UG-10UG                                                                                                                                                                                          |
| Hersteller               | Boster Bio                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                  |
| Applikation              | SDS-PAGE                                                                                                                                                                                                          |
| Produktbeschreibung      | Mouse recombinant Osteopontin/OPN protein expressed in HEK293 with His-Tag. Sequence domain: 17-294aa. Application(s): SDS-PAGE, Bioactivity. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Konzentration            | 0.25mg/ml (determined by Absorbance at 280nm)                                                                                                                                                                     |
| Tag                      | His-Tag                                                                                                                                                                                                           |
| UniProt                  | <a href="#">P10923</a>                                                                                                                                                                                            |
| Puffer                   | Phosphate-Buffered Saline (pH 7.4) containing 10% glycerol                                                                                                                                                        |
| Quelle                   | HEK293                                                                                                                                                                                                            |
| Formulierung             | Liquid                                                                                                                                                                                                            |
